

## Promised Land

Once I was dead to You and I could not hear  
I was blind to the truth and was no where near  
But then You gave me life and You gripped my soul  
With a love so pure and You won't let go

*What a Saviour, my redeemer, You have freed me,  
Helped me understand  
Through Your suffering, I'm forgiven,  
Pressing onward to the promised land*

Sent from His Father above Jesus walked this earth  
Knew His destiny as He read the Word  
Not shrinking back from the task He pursued His goal  
Came to ransom lives and to make them whole

Now with the Spirit's help I can journey on  
Knowing peace with God, my convictions strong  
Because of Jesus' blood I am now secure  
And because He lives my hope is sure

You've bought me with a price, a perfect sacrifice  
Now all I have I give to You  
My life no longer mine  
To live or die is Christ  
Bound now for Heaven

*His name is Jesus, risen Saviour, He's our healer,  
Death could not withstand  
His name is Jesus, sent from Heaven,  
To take us homeward to the promised land*
