

Holy Ground

Holy Ground
We are standing on Holy Ground
Here before Your throne
With open arms
We worship You

*You are Holy
You are Worthy
To receive power, wisdom and strength
In their thousands
Angels worship
Giving praise and all Glory to You*

Holy one
In all earth and heaven there is none
To compare with You
Your Glory
Outshines the sun

Heaven and earth will change but you remain the Lord of all
We are standing here on Holy Ground
